George Videne

Digital Creative Strategist

I build bridges between a good idea and the person who needs to see it.

years in digital	brands	agencies and companies	AI tools daily

I have worked on both sides of the table: at agencies like McCann, Saatchi & Saatchi and De Silva Exclusiv and, since 2022, in-house. I combine creative concepts and visuals with social media, eCommerce and paid campaigns. I like marketing that doesn't just look good. It has to move something: a KPI, a product, or at least the eyebrow of whoever sees it.
